Dear *Dave*

We sure thank you and the First Settlers Region of the PCA for hosting the boys at Virginia International Raceway on May 23, 2009.

The trip down to VIR was filled with anticipation and conjecture of what exactly the experience would include. The boys were absolutely thrilled to see the cars, participate in the charity ride and enjoy a gourmet lunch prepared by such accomplished chefs. As you might imagine, the excitement did not wear off during the trip home or over the balance of the weekend.

We work-up photo sets for each of the boys. By their expressions, it was clear that the receipt of those photographs brought back warm memories.

We truly appreciate the close relationship the First Settlers Region has built with Boys' Home. Rest assured that the activities our boys have enjoyed at VIR over the past few years are "once in a lifetime" experiences for them.

Thank you,

Gregory G. Lemmer
